

FusionVision

2026 IEEE International
Fusion Symposium
9/22 - 9/24/26

MIT Plasma & Fusion Center

2026 FusionVision Sponsorship Opportunities

This three-day symposium and exhibition will unite global experts in plasma science, nuclear physics, electrical engineering, materials engineering, and nuclear energy systems to accelerate the realization of commercial nuclear fusion.

We invite you to experience cutting-edge research that explores breakthrough technologies driving clean-power innovation. Engage directly with leaders from academia and industry, and revisit the past challenges, achievements, and relentless efforts of people working on nuclear fusion.

We are inviting sponsorship from industry, academia and government agencies. Based on the sponsorship level, the sponsor will have access to opportunities for advertising and/or displaying their products, making presentations and a number of free registrations to the conference. We can also customize opportunities like branded merchandise, events or student awards.

Benefit	Gold Sponsor	Silver Sponsor	Bronze Sponsor	Exhibitor
Investment	\$10,000	\$5,000	\$3,000	\$1,000
Recognition on Website	X	X	X	X
Logo on Prominent Signage	X	X	X	X

Logo on Presentation Screen During Breaks	X	X	X	
Ad in Conference Program	1/2 Page	1/4 Page	Logo Only	
Complimentary Conference Registration	Four (4)	Three (3)	Two (2)	One (1)
Table Top Exhibit Space	X	X	X	X

SPONSORSHIP GUIDELINES

For all sponsorship levels, the sponsors' logos will be prominently displayed at all conference events, on the conference web site, as well as in any conference materials. All sponsorships levels will include one or more complimentary registrations for sponsor representatives, depending on the level of sponsorship. If you'd like to sponsor or have questions, contact Trina Lorigan: t.lorigan@ieee.org.
